- a. The topic: A-frames and Alternatives to A-frames. It was suggested that a proposed change to the current sidewalk A-frame ordinance be considered to eliminate concerns about chalk use. Additionally, it was suggested that consideration be given to revising the signage ordinance to allow for pole, planter, and other types of A-frame sidewalk signs. A revised definition might describe sidewalk signs as constructed of various materials, including two-faced or double-sided signs, A-frames, and single-pole signs, which may be marked with vinyl, chalk, or other similar removable materials, so long as they remain compatible with the town's characteristics. Discussion was tabled until the next meeting.

Explanation and Summary:

This is an action item calling for the creation of a By-Laws Committee to research, draft and propose a governing set of regulations for the Architectural Review Board. Currently, the Architectural Review Board does not have a formal set of by-laws which can lead to ambiguity and confusion. By creating a uniform code, the Architectural Review Board will have organized and consistent internal structure and procedures for handling applications, elections, and other administrative procedures.

5. Discussion Item	Meeting Date: February 24, 2026
5A: A-frames Ordinance Review	

Attachments: a. A-Frame Mentions in Code

Submitted by: Megan Lubash
Town Clerk

Explanation and Summary:

This is a discussion item to look at A-frames and their mentions in the Town Code. The sign ordinance, O-2025-12 was amended by Town Council on October 21, 2025. With the new text from the ordinance and discussion at the Architectural Review Board on December 16, 2025, it was found that the verbiage is confusing to decipher and possibly inconsistent. A document with all mentions of A-frames was created to look over the pertinent text and see if there are better ways to clarify meaning of the ordinance as it pertains to A-frame signage.

A Frame mentions in the Town Code

§ 157.301 Definitions

A_FRAME SIGN; A two-faced chalkboard sign with supports that are connected at the top and separated at the base, forming an "A" shape. These are also referred to as SANDWICH BOARD.SIGNS. They are included in the term PORTABLE.SIGN.

§ 157.303 SIGNS NOT REQUIRING A PERMIT.

(F) Two A-frame signs, consistent with § 157.307 and the tables in §§ 157.320 and 157.321;

§ 157.304 PROHIBITED SIGNS

(B)(14) A-frame signs made of plastic, vinyl, and/or non-durable materials.

§ 157.307 GENERAL REQUIREMENTS

(D)(3) A_frame signs; A-frame signs may be used if they meet the following requirements:

- (a) The sign is entirely outside the vehicular travel portion of a street or roadway;
- (b) The sign is no larger than eight square feet per sign face;
- (c) The sign is no taller than three and one-half feet;
- (d) If located on public or private sidewalks or similar pedestrian pathways, the sign shall leave a continuous through pedestrian zone of at least three feet in width;
- (e) The sign does not obstruct pedestrian and wheelchair access from the sidewalk to any of the following: transit stop areas, designated disabled parking spaces, disabled access ramps, or building exits including fire escapes; and
- (f) The sign is displayed outdoors only during operating hours of the establishment which owns the sign.

(F) Off_premises.signs; Off-premises signs shall be allowed only in the B-1 business district and only as A-frame signs, subject to the sign standards specified for them in this subchapter.

(1) Off-premises signs shall not result in an individual business or parcel exceeding the maximum number of A-frame signs allowed by this subchapter.

(2) Consent of the property owner where the sign is to be placed shall be provided as part of the requirements for approval for sign permits.

(3) An off-premises sign must not be placed more than 150 feet from the business which owns the sign.

5. Discussion Item	Meeting Date: February 24, 2026
5B: Robert's Rules Review	

Attachments: a. Robert's Rules of Order: Getting Down to Business

Submitted by: Megan Lubash
Town Clerk

Explanation and Summary:

This is a discussion item to look at Robert's Rules of Order, an adaption of the United States legislative rules and practices to better suit non-legislative societies and groups. American Army Brigadier General Henry Martyn Robert created these rules to diminish conflict and accomplish the goals set forth in a group's agenda. Reviewing these procedures will create structure and clarity in this board's meetings.

ROBERT'S RULES OF ORDER: *GETTING DOWN TO BUSINESS*

with Carl Johnson

*former Council Coordination
Division Supervisor (2011-19)*

objectives

- Talk about why Robert's Rules is part of meetings for many groups and organizations
- Learn some of the most common parts of Robert's Rules of Order
- Know enough to be effective

An Unproductive Meeting...

- No one is running the meeting
- Everybody talks at once
- No one is listening
- One person dominates
- Arguments!
- It takes too long to get through the agenda

A Productive Meeting...

- Goes smoothly
- People take turns to talk
- Everyone has the opportunity to participate
- Climate of Healthy Dissent
- We talk about the most important stuff, and
- We accomplish the goals set forth in the agenda

Robert's Rules – levelling the playing field

- Parliamentary procedure offers democratic rule, flexibility, protection of rights, and a fair hearing for everyone
 - Is a set of rules for conduct at meetings
 - Allows everyone to be heard & make decisions
 - Enables you to expedite the flow of business and make decisions
- 

Motions keep things moving

- Main Motion
- Subsidiary Motion
- Privileged Motion
- Incidental Motion

Presenting a Motion in 8 easy steps

1. Address the Chair
2. Receive recognition from the Chair
3. Make the motion in a positive, even if you are against it (“I move to support WP24-45”). That way, a yes vote means “yes”!
4. Requires a second
A motion must be seconded to bring it up for discussion. Seconding a motion does not mean you agree with it. The Chair must hear a second or the motion fails.

- 
5. Chair restates the motion
 - “It has been moved and seconded that...”
 6. Discussion
 - Movant is allowed discussion first
 - Membership to be recognized by Chair to speak
 - No member shall speak twice to a motion until all members who want to speak to the motion have been heard
 7. Chair puts the motion to vote –
“All in favor say Aye? All opposed say Nay”
 - Voice, raise hand, stand, ballot
 8. Chair announces result of vote

A Motion
makes a
record

Even if your Council is
against something or do
not think it applies to
you...

Have a motion and discuss
it to explain why and vote.

Main Motions

- Used to present any new business
 - Approval of minutes
 - Supporting action
- Cannot be made when another motion is active
- Ask for unanimous consent on non-controversial requests (approve agenda or minutes, approve officers with only one nominee per position)

Subsidiary Motions

Change or affect how the main motion is handled BEFORE it has been decided

These changes have to be voted on BEFORE the main motion is voted on

Like a regular motion, there must be a second before any discussion. Without a second, it fails.

“Perfecting a Motion” a.k.a. Amending a Motion

Motions are amended to change the wording to make it more acceptable before taking final action

There are 3 ways to change the wording of a motion, to make it more acceptable before taking final action

To add words or phrases

To strike out words or phrases

To substitute by striking out & inserting; or substitute an entire motion or paragraph

Amending a Motion

- Modifications can be made
 - Between the time a motion is made and before the Chair states the motion
 - After the Chair has stated the motion
 - Before the motion is voted upon
- Board then votes on only the amended portion
 - If that passes, then you return to the original motion AS AMENDED to vote on in its entirety
- If the amended portion fails, then the board returns to vote on the motion as it was originally worded

Other Motions

- **Privileged and Incidental Motions**
 - Do not require all of the steps usually needed to make and decide on a motion
 - Privileged motions are of IMMEDIATE importance and take PRECEDENCE over any main motion
 - Incidental motions do not relate directly to the substance of the pending motion but to the method of transacting the business of the motion or the people

Privileged Motion

- Are urgent, about special, or important matters NOT relating to pending business
 - A second is not required,
 - May not be amended and does not require a vote.
- These motions are related to members, the organization, and meeting procedure.

Five Privileged Motions

- Fix the time to which to adjourn, if another question is pending.
- Adjourn, but not if qualified or if adjournment would dissolve the assembly.
- Take a recess, if another question is pending.
- Raise a question of privilege. If you can't see or hear the meeting, you may stop the meeting and have the problem corrected. *"I cannot hear the main speaker."*
- Call for orders of the day.

Incidental Motions

- These involve questions of procedure that arise out of other motions
- Must be considered BEFORE the other motion
- Do not require that you be recognized
- Do not require a second
- Cannot be amended or debated
- ***“I believe the main motion did not receive a second, so we can’t vote on it.”***

Incidental Motions or “Points”

- These Incidental motions do not require a vote:
- **Point of Order:** If someone isn't following Robert's Rules, you can state “Point of Order” and explain your point. The Chair then rules on your point.
- **Point of Information:** Used to stop action to call for clarification of the process or consequences of the debate.

Incidental Motions or “Points”

These Incidental motions do not require a vote – just a rule by Chair:

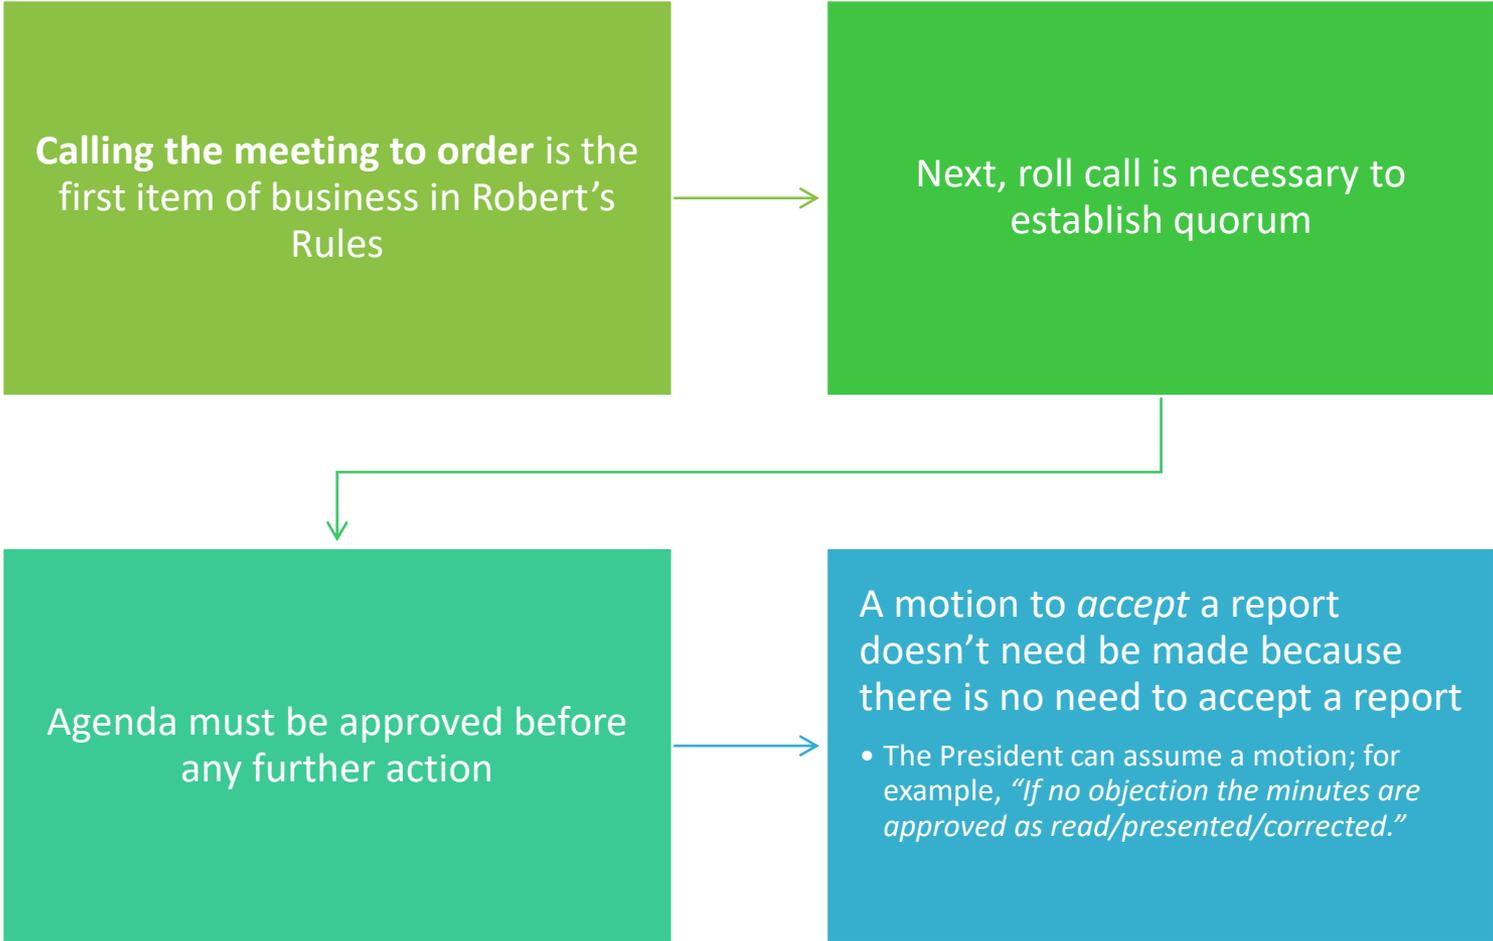

- **Point of Order**
If someone isn't following rules or is off-agenda, you can state “Point of Order” and explain your point.
- **Point of Parliamentary Procedure** Need to clarify what the rules are.
- **Point of Information/Clarification**
Used to stop action to call for clarification of the process or consequences of the debate.

Incidental Motions

- These Incidental Motions require a 2/3 vote:
 - **Object to Consideration:** This motion is made to kill a sensitive or embarrassing motion before it is discussed by the assembly.
 - **Suspend the Rules.** Take something out of order. Second is required, but motion is not debatable.
 - **Call the Question:** This is a motion to end debate. Second is required, but motion is not debatable. This is routinely misused in RAC meetings.

Some facts we all should know

Everyone should know these points, too

A *recess* is called for a meeting to cease temporarily (i.e., meal break) and then reconvenes to conduct remaining business. An *adjournment* ends the meeting.

To *table* is to delay further action until a specified date and time – usually to get more information or something has come up unexpectedly. It can be tabled to any time in the future.

**Motion for
Reconsideration**

Must be brought up on the same day as the action to be reconsidered. First, vote on whether to reconsider. Then, there is a second motion to address the issue.

More basics...

- President or Chair of a board cannot make motions – can “entertain a motion”
 - That means he or she wants someone else to make a motion
 - “So moved,” someone else might say

And more basics

All participants and their rights
are equal

A quorum must be present to do
business – it is based on the
number of seated members, not
total seats available

The majority rules

What the Presiding Officer/ chair/President does

BE ON TIME AND START ON TIME

BE ORGANIZED AND PREPARED

TAKE CONTROL OF THE MEETING

BE IMPARTIAL

BE PRECISE

BE FOCUSED – KEEP THE AGENDA MOVING AND ENSURE ALL THE BUSINESS IS COMPLETED

How a Chair Expedites Business

1

Use general consent

2

Refer to a committee
("Motion to Commit")

3

Assist in phrasing
of a motion

4

Restate the
motion
periodically

5

Allow motions to
be withdrawn

6

Prevent bullying
with
parliamentary
procedure

Practice making a motion

Raise your hand, and the chair may or may not call on you.

When called on (stand up) and state the following
“Mr./Madame Chair, I move to/that...”

Then state what you want to happen. (or not to happen)

More making a motion...

State what you want to happen clearly and concisely (have a specific wording in mind first)

After the motion, sit back down

- If its longer than one sentence write it down

But wait, there's more...

Someone who “seconds” says that they feel the motion is of importance and worth discussion

If they don't, the motion dies “for lack of a second”

After motion and second, there is discussion/debate

Debate can be stopped by running out of people with opinions, putting a limit on debate, or by the Chair moving on because of repetitive debate

Then it is time to vote. The Chair will restate the motion and will state how the votes will be cast.

Unless stated, majority is usually 50% + 1 of the active members present – simple majority

Debate

- Movant goes first. Identify why you want the motion to pass or fail. For regulatory proposals, use the ANILCA Section 805(c) criteria on the back of your name plates.
 - *This is important to establish a record that the Federal Subsistence Board can use to justify adopting the RAC recommendation.*
- Members bring up Positive and Negative points, pertinent information on the motion.
- Points not directly dealing with the motion or amendment cannot be brought up.
 - Monitoring that is the Chair's job
- Chair also decides who gets to speak and in what order and should try to provide equal time to pro and con positions.
 - A member cannot speak again until everyone has a chance

Final points

- Most organizations have little clue about how to use Robert's Rules of Order
- In the hands of a good parliamentarian, these rules ensure that all members of the Council can participate
- Remember: These Rules are merely a tool designed to help you take care of business.
